

Your child's school has a screening process in place that identifies students who **may** need special education. This process may or may not lead to an initial evaluation for special education and should include:

- *A review of the student's records including attendance and report cards,*
- *A review of the student's vision and hearing,*
- *Assessments at reasonable intervals to determine a student's performance based on grade-appropriate standards in core academic subjects,*
- *A systematic observation of the student's behavior in the classroom or area in which the student is displaying difficulty.*

You may request that the initial evaluation take place at any time, without going through these screening activities.
