

National Alliance for Mental Illness

- NAMI Keystone Pennsylvania chapter has some great information. There is an awareness walk coming up in early October at the Waterfront in Homestead ~ we have a team and will be there :) Anyone is welcome to come!
- <http://www.namiswpa.org/>

National Institute of Mental Health

- NIMH has a TON of information about various diagnosis, current trends, etc
- Click 'Health & Education'..... 'Mental Health Information'..... there is a long list of mental health topics including 'Children & Adolescents'. Might be helpful to link that particular page?
- <https://www.nimh.nih.gov/index.shtml>

Centers for Disease Control and Prevention

- CDC Children's Mental Health page has a lot of good, relevant, current information. This site includes policies that are in development or recently implemented.
- <https://www.cdc.gov/childrensmentalhealth/index.html>

Autism Speaks

- Autism Speaks continues to be one of the 'gold standards' for Autism information. Lots of international, national, and local resources and information.
