

The Beaver County School Districts and the Career and Technology Center continue to work together as we receive guidance from our state and federal leaders.

Today, Governor Wolf announced that all schools will remain closed for the remainder of the 2019-2020 academic year. Therefore, all Beaver County school facilities are closed and events canceled through the end of the school year. While much uncertainty still exists, this announcement will allow families to plan for their needs in the coming months. All schools will continue to provide continuity of education and meals through the last regularly scheduled day of school. We understand that this is heartbreaking for the Class of 2020, but please be patient as we seek additional guidance from our state leaders regarding graduation and other special events. We appreciate your patience and support during this closure and we will continue to provide updates as we move forward together.
